DEATH OF MR. C. W. WATTLES.—Mr. Charles William Wattles died at his home in this city Saturday evening aged about 64 years. He had been a sufferer from gout for a number of years but was confined to his bed for a few weeks only. Mr. Wattles, at the time of his death, was the oldest local practitioner at the Bar here and was looked upon as a safe and wise counsellor. At the commencement of the war he was second lieutenant in Company G, Emmet Guard, 17th Virginia Regiment, and later entered the war department of the Confederate government in Richmond. After the war he returned to this city and associated himself in the practice of law with the late Col. Geo. W. Brent. Later he was the senior partner in the law firm of Wattles & Mischbach but more recently practiced his profession alone. A meeting of the bar of the city will be held at the office of Mr. Leonard Marbury this evening to take suitable action regarding the death of Mr. Wattles.

KILLED.—Mr. Martin Bergen, of this city, was killed this morning about 9:30 o'clock, near Fort Runyon, by the W. and O. train on its way from Washington to Leesburg. Mr. Bergen was walking along the track when the local train from this city for Washington and the W. and O. train from that city coming south, approached each other. He stepped aside to let the local train pass, and it is supposed did not see the other train approaching, for he stepped on the track in front of it, and, as stated above, was run over and killed. His body was brought back to this city and taken to the undertaking establishment of Mr. B. Wheatley, where it was prepared for interment. Mr. Bergen, who was well known in this city, it is said had gone to Washington to look for work, and was on his way home when killed.

YESTERDAY was a charming spring day, bright and pleasant, with a warm sunshine that was all the more welcome because it had been so long away. The ground was dry enough for walking, birds chirped and the frogs croaked and everything assumed a spring appearance. In the afternoon nearly everybody was out for a walk, and an extended one generally produced slight perspiration. There were more strangers in the city than on any Sunday this year, while the numbers of our own people of both sexes which appeared on the streets were noticeable.

Last Wednesday evening six persons were received for baptism and membership in the church. The services next Wednesday evening will be held in the main audience room of the church and will be especially for the unconverted.

There Shall be no Alps.

When Napoleon talked of invading Italy one of his officers said: "But, sire, remember the Alps." To an ordinary man these would have seemed simply insurmountable, but Napoleon responded eagerly: "There shall be no Alps." So the famous Simplon pass was made. Disease, like a mountain, stands in the way of man's fortune and honor to many who by Dr. Pierce's "Golden Medical Discovery" might be healed and so the mountain would disappear. It is specific for all blood, chronic lung and liver diseases, such as consumption (which is scrofula of the lungs), pimples, blotches, eruptions, tumors, swellings, fever sores and kindred complaints.

MONETARY AND COMMERCIAL.

New York, April 4.—The new week on the Stock Exchange opened with an active and strong market, prices at the first showing advances over Saturday's final figures of from ¼ to ½ per cent. There was considerable feverishness and irregularity shown in the early dealings, but the market soon began to rise. Late in the hour the advances were checked and slight reactions followed in some stocks. The strong tone was again renewed, however, though there was no special feature, and at 11 o'clock the market was very active and strong. Money easy at 5½.
